

Canton Glove Manufacturing Co., Ltd. is located in Huadu District, Guangzhou, just 15 minutes from Baiyun International Airport.

As a leading professional manufacturer in China, we operate modern production lines for nitrile and household gloves. Our flagship brand "Fengda" represents the gold standard of quality and trust worldwide; meanwhile, our specialized brands "Shuangshuang" and "Kapak" are dedicated to meeting diverse market needs.

We are committed to providing world-class products at competitive prices. Guided by our core values-"**Profession, Concentration, Honesty & Creation**"-we strive to build global-leading brands.

We warmly welcome friends from around the world to visit us and experience our premium products and services.
